

# 3Shape Clear Aligner Studio

## Introducing many new features for increased efficiency

3Shape Clear Aligner Studio is now available and includes several new features to aid lab to clinic communication and increase automation.

The new features are available to all customers with an active licence of:

- Clear Aligner Studio (for clinics)
- Clear Aligner Studio (for labs), or Orthosystem Premium

New features, availability and CAD Point requirements are listed in the tables below.

Feature	Clear Aligner Studio (Clinic)	Clear Aligner Studio (Lab)
New Patient Browser	✓	✓
Export in Background	✓	✓
IPR Reporting	✓	✓

Available via use of CAD points		
Automated segmentation	🪙	🪙
Automated model hollowing	🪙	🪙
Automated undercut block-out	🪙	🪙

Aligner trimming fixture attachments	✗	🪙

Further details are available via: [www.3shape.com/en-us/software-updates/ortho-system](http://www.3shape.com/en-us/software-updates/ortho-system)

✓ Included	✗ Not Available	🪙 Available via CAD Points
------------	-----------------	----------------------------

- Clear Aligner Studio for Clinics includes a two user licence. This version does not include some features as listed above.
- Features requiring the use of CAD points will incur a cost of one CAD point per exported model (i.e. an aligner case with 10 aligners on the upper arch and 10 on the lower arch will cost 20 CAD Points)
- Automated Segmentation does not consider tooth width measurements and these must be completed manually for analysis functions etc.
- Trim line / ID export and fixture attachments will require specific interface with trimming / marking equipment. Please verify with trimming / marking equipment manufacturer.

# A new pay per use model

Only pay when the clinician accepts the treatment

CAD Points is a new pay-per-use model where you only pay for specific features when you use them and only when you export models, meaning you only pay when you are proceeding with treatment allowing you to control your efficiency and expenditure.

Customers with an active licence of Clear Aligner Studio or Orthosystem Premium will get 1250/2500 CAD points as part of their annual subscription and can purchase more directly from ESM in the following quantities:

CAD Points	Price per CAD Point (inc VAT @20%)	Price per CAD Point (inc VAT @20%)
CAD Points x 100	£132.00	£1.32
CAD Points x 200	£264.00	£1.32
CAD Points x 500	£660.00	£1.32
CAD Points x 1,000 (inc 10% disc)	£1,188.00	£1.19
CAD Points x 2,000 (inc 20% disc)	£2,112.00	£1.06
CAD Points x 5,000 (inc 22% disc)	£5,148.00	£1.03
CAD Points x 10,000 (inc 27% disc)	£9,636.00	£0.96
CAD Points x 20,000 (inc 32% disc)	£17,952.00	£0.90

Please be aware of when you are utilising these new features and when you are exporting cases, CAD points are automatically deducted and we are unable to refund CAD points that are used in error.

## How to purchase CAD points.

Simply email the quantity of CAD points you require along with your dongle number to [orders@esmdigitalsolutions.com](mailto:orders@esmdigitalsolutions.com) and we will aim to process your order within 4 hours. Please be advised that our support team are unable to provide additional CAD points.
